Selective Marine Services

Company Profile

- **Established in 1995 in the Middle East & Gulf region, registered in British Virgin Island has now grown to be a regional company, with offices in U.A.E., India, Singapore, Nigeria, China and Libya, meeting the growing demand and challenges of oil & gas and shipping industry.**
- **Over the past 27 years, Selective Marine Services Group has established itself as the leading & fast growing international player in the drilling industry, rig chartering, rig management & refurbishment, ship repair & maintenance, conversion projects, and offshore engineering.**
- **We are confident with this vast experience and expertise, we can provide our customers safe, efficient, reliable, flexible, and economical services in all sectors of the drilling and shipping industry.**

Vision

**To be valued worldwide by our
customers & employees as a world
leading versatile organization**

Mission

- **Selective Marine Services will set the standards for excellence in the industry, ethically, operationally & technically.**

Core Values

- **Integrity**
- **Safety**
- **Teamwork**
- **Responsibility**
- **Excellence**
- **Respect**

Commitment to the highest standards of safety, for the protection of our workforce & environment.

Management

Hilary Da Veiga **Managing Director**

Co-founder of Selective Marine Services Group

Has vast experience of 42 years & has successfully completed many rig jack up refurbishment projects, conversions, upgrades. Has good experience in contract management. Successfully negotiating contracts for the company and was successful in bringing to fruition major contracts for Selective Marine Services.

Albinus Vaz **Operations Director**

Co-founder of Selective Marine Services Group

Has vast experience of 38 years in change management & human capital. Plays an important role in managing & delivering various complex projects for the company. He is the key person in business excellence models, process improvements, and strategic planning.

Management

Wang Jin

Managing Director - Singapore

Over 28 years in the "Oil & Gas Onshore, Offshore and Marine Industry" with renowned presence in South East Asia and China. Strong network with renowned Shipyards & Oil Companies having overseen several prestigious projects over the years.

Suhail Alebri

Chief Operation Officer

Over 22 years of experience in "Oil & Gas Onshore & Offshore Industry" with renowned presence in ADNOC Senior Management.

OPERATION

Hubert Araujo **Technical Manager**

Electrical Engineer by profession. Has over 30 years in Marine & Offshore Industry. Superintendent for new builds at renowned shipyards globally. Expert in troubleshooting and execution of electrical & electronic equipment. He has extensive experience working in shipyards in India, Middle East, and Singapore and plays a key role in Selective Marine Services Group.

Clement Mascarenhas **Contracts Manager**

With over 20 years of International experience in the Upstream Oil & Gas Offshore / Onshore / Shipping Industry brings in valued experience in Contracts Management in addition to Human Resources, Logistics, Operations, Planning and budgeting. Having worked for some of the Major Oil & Gas operators in the Middle East, has a strong understanding of the region's requirements.

OPERATION

Mohammad Ramadan Abdullah

Operations Manager

Worked in various positions for Operators like EDC (Egyptian Drilling Company), EDC Maersk, Gulf Drilling International, (ADES) Advanced Energy System Egypt and Saudi . Well Experienced from OIM to Drilling Manager/Rig Manager for Rig Contracting companies in the Middle East. And well experienced as HSE Instructor and conducted training for Operations safety.

NEIL.C.A. FERNANDES

Operations Manager

With 37 years Professional experience in complete range of activities in Drilling Operations of the Oil & Gas Exploration sector, worked in various position for Operations in Great ship India, Premium Drilling Cayman Ltd, Schlumberger etc.

OPERATION

Chinmay Bisht **QHSE MANAGER**

MBA degree in Oil and Gas, with years of experience in Electrical and Electronics engineer with NEBOSH Certification in Occupational Health & Safety. Worked in various drilling and HSE positions and has over 8 years of office and on-site experience in oil and gas operations. Developed company offshore operation specific SOP's and implement on all the installation and responsible for maintaining, and implementing Company Quality, Health, Safety, and Environment (QHSE) Management System.

Tom Thomas **Chief Financial Officer**

Finance professional experience over 25 years of accounting auditing and finance leadership to SMS Group CFO role. His experiences in multinational operations, specialized in Systems, Auditing and Accounting based in the Middle East over two decades. He combines an operational mindset with big-picture thinking to build scalable finance functions to Selective Marine Services Group entities. He is driven by delivering state-of-the-art financial services and a sincere focus on enabling people and systems to achieve the organizational objective to high standard.

OPERATION

Rashmi Desai
HR Manager

More than 20 years of Local and international exposure in the UAE in HR areas that include Rig Recruitment and Talent Management, HRIS and HR ERP Systems, HR Operations, Policies, Employee Relations, finance, and administration. Sound knowledge of Human Resources practices such as, recruitment, mobilization, salary and benefits, record- keeping, orientation, medical insurance, payroll processing, administrate employee leave, final settlement processing and exit interview
Knowledge of UAE Labour law

SMOG Nigeria Team

Anagonye Chinedu Nwanne
Operation Manager

Gods Power Omovototu
QHSE Manager

Marvelyn Ehika
Purchaser

Emmanuel Omajala
Assistant Logistics

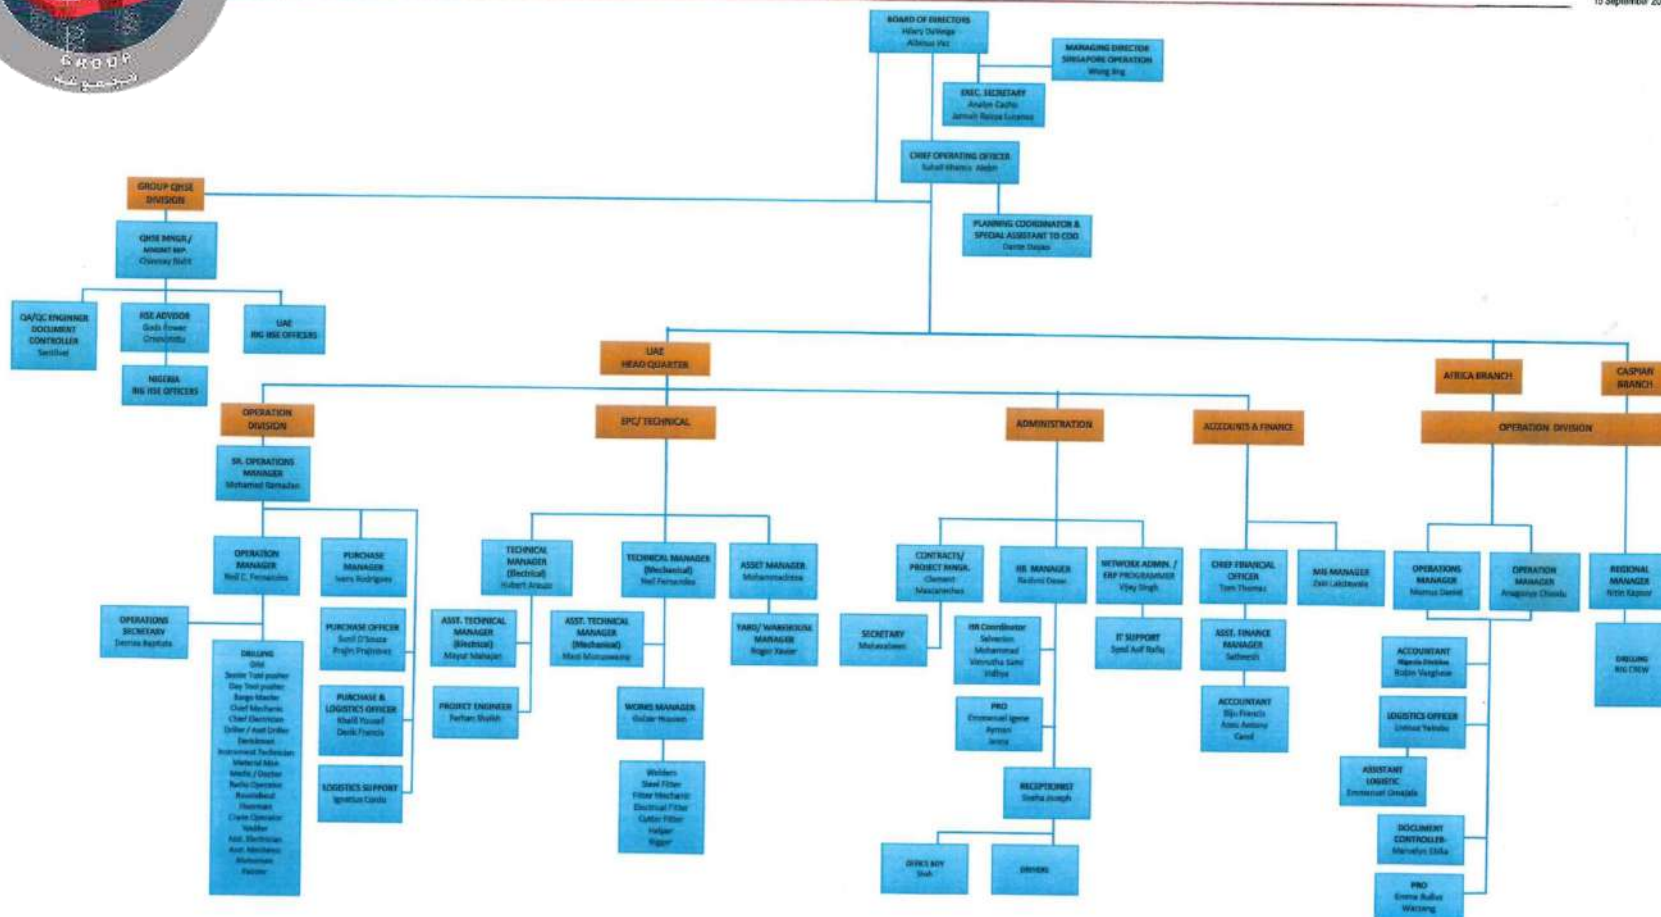

Bullus Warzeng
PRO & Liaison Officer

Health, Safety & Environment

Health and safety targets are:

- No occupational illnesses
- No fatalities
- LTI free operations

Environmental targets are:

- No environmental incidents
- No statutory environmental liabilities
- Environmentally friendly operations
- Promoting the use of alternative materials that have a lower environmental impact

The company is committed to achieving the highest management standards with the target of zero accident & incident.

Core Services

Oil & Gas Division

- Rig Chartering
- Rig Management
- Rig Refurbishment
- New Buildings
- Rig Audit
- Project & Engineering
- Crew Management

Marine / Project & Engineering Division

- Ship Repair & Maintenance
- Ship Automation & Instrumentation Services
- New Buildings
- Dry Docking
- Accommodation Upgrade

Project & Engineering Division

Selective Marine Services has diversified into in-house engineering division with competent & highly motivated team of Engineers

- The Project & Engineering Division offers a wide range of services for the oil & gas service industry
- With a dedicated leadership to achieve highest quality & customer satisfaction our team is comprised of hardworking, skilled personnel who are committed to achieve undoubting task with quality deliverance
- Wide range of services include:
 - a. Rig inspection
 - b. Electrical
 - c. Mechanical
 - d. Instrumentation & electronics
 - e. Drilling equipment
 - f. Jacking system (MLT type rig)
 - g. Project management
 - h. Fabrication

Project & Engineering Division (Rig Inspection)

- Selective Marine Services has a comprehensive rig inspection module to suit requirements of owners to upgrade/new construction/revival works on the rigs
- Selective Marines Services' inspectors are highly qualified drilling & maintenance personnel with on hand experience in running & managing of rigs & inspections
- Rig inspection helps to reduce downtime, increases reliability & safety of equipment

Project & Engineering Division (Electrical & Instrumentation)

- Installation and troubleshooting, software development & commissioning of Fire & Gas Protection system
- Designing of Total Integrated system (PLC, HMI, VFD), hot redundant, cold redundant, input channel redundancy
- Designing, Selection, Commissioning of Jack Up Rig Equipment's (Jack up VFD, Top Drive, Draw works, Mud pumps) using Siemens Modular VFD systems.
- Designing of Server Redundant SCADA for Drill Monitoring System using Siemens System HMI, Wincc SCADA (including Temperature monitoring, Pressure monitoring system, Alarm Management system).
- Designing & Commissioning of DG Synchronization system (Semi Auto, Auto, Manual mode), Power management system.
- Designing & commissioning of Machinery space alarm monitoring and control.
- Single line diagram
- Cable routing layouts
- Power and control cable schedules/ drawings
- As-built project drawings / documentation
- SCR Switchboard / Emergency switchboards trouble shooting
- PA / GA system installation and troubleshooting

Project & Engineering Division (Electrical & Instrumentation)

- Designing and software development of control system and troubleshooting of the following PLC
- Make: Siemens -S7-200, S7-300, S7-400, S7-1200, S7-1500 series, S7300F (Distributed safety plc), DP/ASI master, PCS7
- Make: Rockwell - Micro Logix, SLC, Control-Logix
- Make: Toshiba-T2E series
- Make: Schneider Electric-Modicon M340, Modicon Quantum
- Make: Direct logic(KOYO) DL 305 series
- Make: Mitsubishi-FX Series
- Designing & software development For following SCADA systems:
- Make: Siemens-Wincc SCADA, OP, KTPXXX, TPXXX, KPXX series, TIA portal
- Make: Schneider Electric-Citect SCADA, Vijeo designer for HMI.
- Engineering & commissioning/ trouble shooting of the following drives
- Make: Siemens
 - Sinamics G110, G120, G130, G150, V50
 - Sinamics S110, S120, S130
 - Simoreg DC Master 6RA22, 6RA24, 6RA70, Sinamics DCM (DC Master)
 - Master drives VC/MC, Micromaster 420, 430, 440, Simodrive
- Make: ABB- ACS800

Project & Engineering Division (Mechanical)

Rig Chartering & Drilling

Rig Available in Nigeria

Rig SMS-JOY is warm stacked status and fully certified to start contract soon in one of the Oil Company prospect in Nigeria.

SMS JOY

| GENERAL | |
|----------------------|---------------------------------------|
| Design | Stewart & Stevenson 114C/Rectangle |
| Built | MC DERMOTT dockyard, USA |
| Barge Type | Submersible |
| Year Of Construction | 1982, Upgraded 2022 |
| Flag | Nigeria |
| Classification | ISNB |
| IMO No: | 8709307 |

| MAIN DIMENSIONS/TECHNICAL | |
|-----------------------------------|------------------|
| Hull Length | 63.86 m |
| Hull Breadth | 24.0 m |
| Hull Depth | 4.27 m |
| Overall Length Including Helideck | 71.98 m |
| Drilling Envelop | Shot (12m & 3m) |
| Max. Designed Water Depth | 20 ft |
| Minimum Water Dept | 09 ft |
| Drilling Depth | 23,000 ft |
| Transit Speed Towed | 2 Knots |
| Transit Variable Load | 3,434 Tons |
| Helideck | Sikorsky S-61N |
| Helideck Compliance | CAAP 437 |
| Accommodation | 92 |
| Fuel Consumption - Drilling | 8 Ton / Day |

| STORAGE CAPACITIES | |
|-------------------------|-------------|
| Fuel | 1,950 bbls |
| Drinking Water | 6,835 bbls |
| Potable Water | 1,266 bbls |
| Mud Processing Tank | 1,000 bbls |
| Active Liquid mud | 1,000 bbls |
| Brine | 848 bbls |
| Bulk Bentonite / Barite | 2,826 cu ft |
| Cement | 264000 lbs |
| Sack Storage | 132000 lbs |

| POWER | |
|-----------------|--|
| Main Engines | 4 x CAT 3516 @ 5985 HP |
| Main Generators | 4 x CAT SR4D @ 1408 HP |
| SCR | 4 x SIMENSE @ 2144 HP |
| Emergency Power | 1 x Chongqing kangtingqi KTA19-DM1 @ 348KW |

| DRILLING EQUIPMENT | |
|--------------------|--|
| Derrick | DRRCO / M14730-2000 |
| Dimension | 30ft X 30ft X 147 ft |
| Hook load | 4500KN (12 Lines) |
| Draw works | Baoji Petroleum Machinery Factory/KC-70D6 |
| | Motor 2x1600KW |
| Racking Capacity | 23000ft 5" DP |
| Top Drive | Tianjin Rolling-Electric, 500T |
| | 2X500 HP, 48,000ft-lb, 220 rpm |
| Rotary Table | Lanshi National Oilwell Company (LS NOW) / ZP375 @ 37-1/2" 5050 KN |

| WELL CONTROL | |
|-------------------|-----------------------------|
| RAM Type | 2FZ35-70, Double @ 10K |
| | 1FZ35-70, Single @ 10K |
| Annular Preventer | FH35-35/70 @ 10K |
| Diverter | FH54-14, 21 1/4" @ 2000 psi |
| C&K Manifold | 4" @ 10K, HJGS/Y-70 II |
| BOP Hoist | 2 x TDISC 25/50-25T |
| BOP Control | FCDQ640-7 |

| MUD SYSTEM | |
|-----------------|-----------------------------------|
| Mud Pumps | 3 x Baoji Oilfield Machinery |
| Pressure Rating | F-1600 @ 7,500 psi |
| Shale Shakers | 2xBrandt Cobra's", 1XPaYang SS211 |

| LIFTING EQUIPMENT | |
|-------------------------------|--|
| Deck Crane | 1 X Diesel STRD & 1 X Electric PORT |
| | Boom Length - 27 m |
| Block Rating | Main Block - 25T/0-20m/min |
| | 5.3m/0-20m/min |
| | 27m/0-72m/min |
| Whip capacity and hoist speed | 5T/72m/min |
| Survival Craft | |
| Life Boat | 4X RH-7A - 45 Cap. & Life Raft : 5XQJF-B25 |

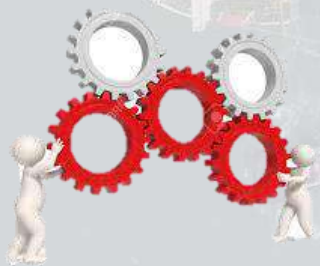

The above information is intended for general reference only. All equipment and specifications are subject to change at any time.

Project & Engineering Division (Project Management)

MODU - Noah's Ark Upgrade

Complete project management carried out on Noah's Ark

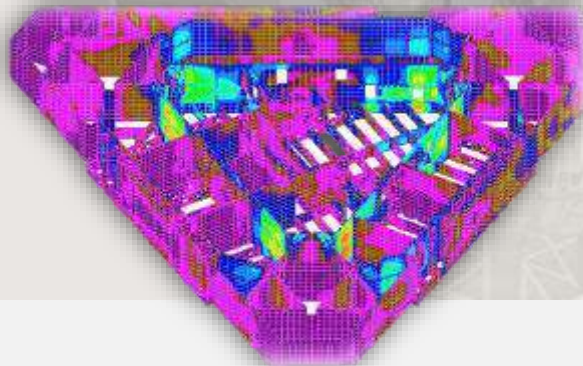

Renewed 1600 tons of steel

Extensive jobs done on legs, spud cans

Complete jacking system repairs carried out

All equipment serviced in-house

All electrical, mechanical & drilling equipment servicing & commissioning

10/04/2015 13:35
5/31/2023

Project & Engineering Division (Project Management)

MODU - Teras Titanium Upgrade

Complete project management carried out on Teras Titanium

Renewed 1300 tons of steel

Extensive jobs done on legs, spud cans

Engineered & relocated newly-fabricated helideck

Complete jacking system repairs carried out

All equipment serviced in-house

All electrical, mechanical & drilling equipment servicing & commissioning

Project & Engineering Division (Fabrication)

- Selective Marine Services has an in-house workshop of certified class welders & fabricators
- In-house design & fabrication of kingpost
- In-house alternate option for raw water systems design approved by ABS class & installed on 2 rigs
- Structural fabrication
- Piping fabrication

Global Presence

Our Strength

- **Highly experienced management and people with domain knowledge of offshore rig operations with firm commitment to safety**
- **In house team of experts with experience of renovating and rejuvenating offshore rigs/vessels**
- **Have a professional and targeted approach for customer satisfaction in offshore Rig Management, Rig Refurbishment & Project Management with several years of experience with various clients worldwide**

Projects Safely Executed with zero lost time incident

Refurbishment Projects

Refurbishment Projects

Selective Marine Services

- **A trust-worthy name in the industry**
- **Proven track record**
- **Financial stability**
- **Dedicated team**
- **Promotes safety and quality**
- **Extensive resources in manpower & management**
- **Flexibility to client's requirements**
